

**Assignment 1, due February 9th before class**

1. Identify a designed artifact in the building, your home, or elsewhere, that would be worthy of Norman's (and your) ire. Describe it and why it's a problem in terms of Norman's analysis. Include a photo if appropriate. Describe your own ideas for improving the design of this artefact.
2. Identify a designed artifact in the building, your home, or elsewhere, that would be worthy of Norman's (and your) praise. Describe it and explain why it's design is good in terms of Norman's analysis. Include a photo if appropriate.

**Submission instructions:**

Write up your answers and save them as a pdf file.

Make sure to include your name and cornell netID at the top of your writeup.

Rename your pdf file with your own name. (e.g., Nicki\_Dell.pdf)

Submit your assignment by emailing your pdf as an attachment to [tech\\_hci\\_7b45@sendtodropbox.com](mailto:tech_hci_7b45@sendtodropbox.com).
